Check out Your New Studio!

We are so excited to let you all know that the studio has been officially transformed into your very own meeting room!

Moving forward this will be a great space for you all to book and hold your private events. This will allow you to have a separate space for your group to meet and still have access to the main Clubhouse facilities.

Above this though, this allows your awesome Parliament neighbours the ability to use their Clubhouse also.

See you on game day!

Snow Clearing

Well it is that time of year again, and our snow service has started already.

You will see our maintenance crews on site every morning to clear snow and sand as needed.

The snow in the parking lot will be removed on a 10cm accumulation basis, we will try our best to provide some advance notice so that your vehicles will be removed.

If you have any questions about either the sidewalk service or the parking lot snow clearing please do not hesitate to reach out to us anytime.
